WORK EXPERIENCE

Software Developer

Happiest Minds Private Limited

08/2022 - Present

Noida

Achievements/Tasks

- Worked on Pimcore Backend Framework where i have worked on APIs development, maintenance and testing.
- Worked on frontend part for the framework where i have created various display screen for the displaying data from APIs.
- Worked on data import for customers data. In data import i have written the code for data import from different files of import such as csv, excel.
- Worked on the testing and debugging of APIs.
- Contributed on the functionality missing in development from BRD.
- Worked on various documentation such as user manual.

PERSONAL PROJECTS

Postaway

- Developed different APIs for postaway project such as users api, post api etc.
- Tech stack used Node.js, MongoDB (used mongoose library)
- Implemented JWT for Authorization, taken care of edge cases in APIs.
- <https://github.com/punitdekate/Postaway-APIs>
- Deployed on render (<https://postaway-apis.onrender.com>)

Job Seeker

- Developed job seeker project by using MVC. In this project user can apply for the job and post the job by login as recruiter based on role.
- Tools used HTML, CSS, JS, Node.js, MongoDB, EJS.
